ANTIOCH SENIORS PREFER LIFE OF SERVICE, NOT LUXURY

Marriage in Early 20's
for Love, Endorsed
by Class of '31

MODERN YOUTH IS O. K.

By Dorothy Hughes.
If all politicians who uphold Big Me and Little You and the rest of the world be hanged! had stepped into a senior classroom last week they surely must have felt a dwindling sensation, when they witnessed the tabulation of a questionnaire prepared by the Antioch News. For the majority of the class of '31 prefer to live a life of service to the world, rather than a life of luxury and wealth.

Thirteen girls and eight boys expressed themselves as desiring the life of service; six girls and three boys preferred ordinary contentedness; three girls and three boys would take leadership and power; while one girl and four boys aim to roll in luxury and wealth. In a few instances two preferences were checked.

Furthermore, this group is ambitious. Seventeen girls and twelve boys claimed to be willing to suffer hardships to become famous; three of both groups were frank in admitting that they had no such ambition, while one girl and two boys were doubtful.

Some were perfectly certain of the line in which they desired to become famous, while one would be famed in "any" line, if he could.

Boys Dislike English; Girls, History.

Even today, boys have not become educated to liking English. Of the sixteen stating the subject most disliked, thirteen turned thumbs down on English, two on mathematics, and one on history. The girls were nearly as emphatic in their abhorrence for history, ten listing that as the subject most disliked, with English, mathematics, shorthand and Latin being next in line. Among the subjects best liked by the boys, some branch of the sciences was given seven checks; mathematics, three; history, agriculture, English, and radio, two each; manual training and drawing, one. Six girls prefer one of the commercial studies; four are partial to history; English, harmony, and home economics each were favored by three; civics, two; Latin, science, and mathematics, one.

It is often said that a person may be judged by the manner in which he spends his leisure hours. If so, the class of '31, as a whole, is a fine class. Athletics as one of their favorite means of recreation was checked by

Publicity Creates Unusual Interest In Co. Board Meet

Board Members Do Not
Relish Taxpayers'
Probe

Leaders of the Lake county Board of Supervisors do not relish the campaign being waged by the Waukegan Taxpayers Association against illegal practices in this county, according to a lengthy story appearing in this morning's Chicago Herald and Examiner.

Some board members who have watched Stripe (president of the Taxpayers Association) battle against the last city administration do not relish his invasion into the county building, says the Herald and Examiner.

"Although not personally popular," the writer, "Stripe and his organization have acquired important influence on several important issues. They were shore drive bond issue a year ago, and more recently in bringing about the recall of the commission government."

County board leaders contend that criticisms have been made without sufficient investigation and knowledge, while some profess to believe the taxpayers' action is trivial.

"The half-so, not even one-tenth has been told," Stripe says regarding the investigation that has been launched into the doings of the Supervisors.

Intense public interest in the June meeting of the board is being manifested in all parts of Lake county.

THIRTY TO BE INITIATED INTO MOOSE LODGE

Initiation of about thirty new members into the L. O. O. M. will be held at the Danish hall Monday evening at 8 o'clock. The Kenosha lodge and drill team will put on the work. Membership will thus be increased to 135, and it is expected that by the end of the summer 200 will have joined.

Patty Speaks.

In his address W. C. Petty stressed the importance of being able to see the other person's point of view. One who is broadminded will be able to solve many difficulties that otherwise might seem insurmountable, and will lead a much smoother life. He also said that one who was able to lead a versatile life, who could turn his hand at many types of work, would find life more interesting, and would reach greater heights of advancement.

R. S. Irenfeldt, Kenosha county superintendent of schools, was introduced and spoke a few words.

The program included—Procession by graduates; invocation, by the Rev. S. E. Pollock; songs, "America for Me," "Voice of the Woods," and "Over the River," by the graduates; piano solo, Ruth Chinn; "Project March" by the Antioch and "Activity March" by the Antioch and "Activity March" by the Antioch.

REIMBURSEMENT IS RECEIVED IN FUND FOR COUNTRY FAIR

The Antioch Country Fair Association received another check from the state treasury for \$41.19, as voted by special act of the legislature to defray deficit occurring in all county fairs of the state last year.

With the experience of one successful fair to their credit, leaders in organizing plans for the second annual country fair to be held October 8, 9, and 10, feel that there should be no deficit this year.

"Sharpen Your Axe," Is Pastor's Advice To the Class of '31

Father Savage Speaks to
Forty Candidates for
Graduation

"Prepare yourself and your tools to meet the problems of life," was the message of Father Joseph Savage, of Wadsworth, to the graduating class of '31, in his baccalaureate sermon Sunday night. "Equip your boat for the waves of the sea; sharpen your axe to hew down the trees," he admonished them further.

He advised education, and the practical application of knowledge received as the best means of becoming prepared to perform one's chosen work as well as possible. "Everyone has a place in the world, great or humble. Therefore, be not discouraged if your calling seems to be small, but perfect yourself in it."

He admitted the uselessness of attempting to help youth avoid mistakes—youth must learn by experience. This, he believed, was natural and beneficial to the advancement of the world. "For without impulse, experiment and impetuosity, what new under the sun would ever be discovered?"

Forty candidates for graduation donned caps and gowns to hear the baccalaureate message. They were conducted to their places by the junior president, Robert King.

A verse of "America, the Beautiful" was sung by the audience, after which the capella choir sang "Adornatus Te," and Palestrina's "Gloria Patri." Following the address, the string quartet played a very appropriate selection, and the audience again rose to sing "When Day Is Done."

Claire Kelly is recovering rapidly from a successful operation for gallitis at the Wesley hospital in Chicago last Thursday. He expects to return home early next week.

Chase to Ray King, Stanley Lucas and Croyley Phillips, of Antioch, Grace Minto, of Oakland, and Elsie Hanke, of Channel Lake.

Grace Minto, of Oakland, received the highest grade of all the eighth grade rural students in these ten schools who took the final examination.

Antioch students having perfect attendance were presented with awards by Superintendent Petty. They were: Phyllis Palmer, Jean Cannon, Bobby Hawkins, Pearl Johnson, Dorothy Miller, Robert Bemas, Florence Hackett, Harvey Miller, Ruth Alice Cannon, Andrea Dalgard, Bruce Dalgard, Donald Dalgard, Albert Vykru, Armand Dalgard, Agnes Christensen, Alice Jensen.

Antioch eighth grade students winning reading circle pin awards were: Alice Jensen, Agnes Christensen, Xavier Hawkins, Croyley Phillips, Jane Warriner, Arden Van Patten, Ruth Chinn.

Various Summer Pursuits Planned by G. S. Teachers

Study, travel, work and rest will be pursued by the teachers of the Antioch grade school during the summer. Miss Alice Warner, instructor of Room VIII and of the art classes, will attend a 10-day course in dramatics at the University of Wisconsin in July, and will study at the Chicago Academy of Fine Arts later. Miss Mildred Byrnes, Room VII, will attend the Oshkosh State Teachers' college in Wisconsin. Miss Julia Stricker, Room III, and Miss Isabelle Harwood, Room VI, will spend the vacation at Miss Stricker's home in Madison.

Miss Eleanor Meyers, Room V, will tour the East in June, and spend the remainder of the summer at her home in Lexington, teaching music. Miss Ayleen Wilson, Room IV, is to attend the Western Kentucky State Teachers' college at Bowling Green, Ky. Miss Elizabeth Touten, Room II, will have supervision of the playground work in the Janesville schools after July 1. Mrs. Fern Lux, Room I, will attend the Los Angeles National Educational convention after a 4-week tour of the West. She will be accompanied by Miss Anna Drom, Hickory school teacher.

Principal Ralph Clabaugh will study for his master's degree at the Charleston State Teachers' college.

Antioch Firemen Are Tag-o-War Victors

Antioch firemen pulled their way to victory in a tug-of-war contest staged yesterday afternoon at Waukegan as one of the attractions at the county seat's jubilee week. A cup emblematic of the local team's victory, is on display at King's drug store.

Antioch first met and defeated the Waukegan firemen. Then Highland Park pulled Round Lake, and Highland Park won. Antioch defeated Highland Park for the championship.

Members of the Antioch firemen's team are: James Stearns, captain, Pete Peterson, Richard Allner, William Anderson, Andrew Cobb and Oscar Kuska.

EAST SIDE BUSINESS MEN OPPOSE WEST SIDE IN BASEBALL

The ball lot west of town will be the scene of many a battle between the business men on the west side of the street and those on the east this summer on Monday and Thursday afternoons.

The two teams were organized recently by Otto Kias and William Morley, with the result that enough men have joined to form two full teams, with a prospect of one or two more being organized. If this is accomplished, a city league schedule may be arranged.

Two games have been played, the victories being divided. In the first game Thursday night the East men opened the West, 9-5, allowing no opponent to first base until the sixth inning. The score of the second game, ended with the West side men at the long end, 8-2.

East side protagonists are Arvid Shunnesson, pitcher; Adolph Hall, catcher; Leslie Hanke, Emil Hallman, Russell Keulman, Dan Kelly, Will Anderson, Dick Allner, Bernie Fields, Ludlow Craig, and Otto Kias. West side—Fred Stahmer, pitcher; William Morley, catcher; Chester Runyard, Roy Kutauk, Oliver Hughes, Robert Morley, Dudley Kennedy, Edgar Stimson, Rollo Grutzmacher, and Wells.

BANDITS LOOT RESORT; ESCAPE

No trace of three armed-unmasked bandits who held up the Catalina Island resort north of the state line Monday noon, taking \$150, has been found. In an attempt to capture the men by tracing the license number on their De Soto car to Chicago, it was discovered that the license had been issued for a Packard, and evidently had been stolen.

The men entered the Catalina Island building, asked for drinks, and then began questioning the employees as to the amount of beer they were selling, and where it was obtained. Receiving noncommittal answers, they flashed their revolvers, grabbed two slot machines and \$150 in cash, and fled.

LARGE SENIOR CLASS WILL BE GRADUATED MON.

Marie Shedek and Ward
Edwards to Deliver
Valedictories

CLASS NIGHT IS THURS.

High school days for forty seniors will be over Monday evening when the final commencement exercises will be held in the gymnasium.

This class of forty, the largest in the history of the Antioch township high school, is the first graduating class to have had use of the addition to the building for their entire four years. The members of the class are named below in the class night activities.

The orchestra will begin playing Monday evening at 7:45 Standard Time, and at 8:05 the senior procession will start. Preceding the address by Major Norman Irmie, of the Culver, Ind., military academy, will be the invocation and several numbers by the girls' bleb club.

Major Irmie has not announced the subject of his address, but it is certain to contain much of interest to the graduates and the audience, as he is widely traveled, took part in the World war, and is versed in the problems of youth as well as those of international interest.

The presentation of diplomas, which is the culmination of the four years, by Principal L. O. Bright will then take place.

As is the usual custom, agricultural awards will be made at this time. Dismissal will follow several selections by the chorus.

Look Into the Future.

A prophet, in the person of Jasper McCormick, will reveal the future of members of the class at the class night exercises tonight. The program follows:

Valedictory, address of welcome, Ward Edwards. Members of the orchestra, under leadership of Vera Bown, are introduced in their occupations of the future. They are Lois Huter, Esther Anderson, Norbert Pacini, Lillian Wells, Ruth Perry, Richard Martin, John Dupre, Marguerite Galtier, Olive Hansen, Hazel Tweed, Mildred Robinson, Ward Edwards, and Clara Christensen.

Ruth Mapes, who entered the high school in her junior year from Coudersville, Mich., and who has maintained exceptionally high scholastic standards, will speak on "Gleanings from My Four Years in High School."

A political speech by Harry Johnson, former candidate for mayor of Milwaukee, will be delivered after an introduction by his campaign manager, Frank Turk.

What Next?

And now we have a Ladies' Aid meeting at the Hickory church with entertainment provided by Fanny Westlake with a reading, Mildred Robinson with a piano solo, and Richard Martin with a violin solo. Guest of honor is the minister, William Nelson. Those present are Ardia Toft, Helen Buchert, Hazel Sheehan, Pauline Shedek, Esther Anderson, Margaret McCormack, Helen Pedersen and Alma Grulick.

An Institute to Make Better and More Beautiful Faces claims as boosters: Carl Pachay, Norman Barthel, Leonard Armstrong, Charles Holmes, Jack Neuhous, Ed. Strang and William Yopp.

Next the famous choral society, introduced by Mr. Bright, in the person of Robert Hughes, will give a delightful rendition. Three new faces appear in this, those of Charles Forder, Tony Fuchs and Kenneth Deaman.

The end of the prophecy will be a valedictory by Marie Shedek, who is slated for high honors with Ward Edwards. The class will be read by

ANTIOCH WILL HONOR MEMORY OF SOLDIER DEAD

District Legion Commander
to Speak at Ceremonies
Held Here

With the community's various patriotic and other organizations participating, Memorial Day services and parade in honor of the memory of the community's soldier dead will be held here Saturday afternoon, May 30.

The customary parade will form at the grade school promptly at 1:30 o'clock, the line of march being preceded by a motorcycle escort. Following in line will be the American Legion colors; Allendale boys' band; firing squad; Antioch's only surviving veteran of the Civil war—Addison J. Felter, accompanied by Mrs. Felter; Spanish-American war veteran—John Pacini, accompanied by Mrs. Pacini; of the American Legion, daughters of the G. A. R., and the American Legion auxiliary, school children, and Boy Scouts.

District Commander to Speak.

The services at the cemetery will open with the invocation by Post Chaplain Rev. Rex C. Simms, and there will be music by the Allendale boys' band.

The Memorial Day address will be delivered by Charles Kapschull, of Deerfield, commander of the Eighth District of the American Legion. Prayer will be led by the Reverend Philip T. Bokai, and the services will conclude with a salute from the firing squad and the sounding of taps.

All soldiers' graves in cemeteries within the jurisdiction of this district will be decorated. The daughters of the G. A. R. have arranged to place flowers on the graves in Hillside cemetery. Flags will be placed by Mrs. A. J. Felter and Mrs. Drucilla Ferris.

PAVILIONS OPEN FOR 1931 SEASON

Famous Orchestras Features
of Channel Lake and
Palace Pavilions

This week witnesses the opening for the season of the big pavilions of the lake region.

The Channel Lake pavilion, under the management of Homer Winch, last night presented Treet Hogan and his Drake hotel orchestra. This famous band has been engaged for the season. In former years Hogan has played at the Wisconsin Dells during the resort season. There will be dancing at Channel Lake Saturday and Sunday nights this week and every week until June 27, when the pavilion will be open nightly, except Monday, until Labor Day.

Bob Peary at Palace.

Bob Peary and his Chicago Champions is the splendid band to be heard at Mickey Rafferty's Antioch Palace during the summer. They opened the season there for Saturday and mid-week dances some time ago.

Boxing at the Palace will give way this week to dancing Friday night, to accommodate the large holiday crowd expected. Admission to the Palace is free until 9:30 p. m. Manager Rafferty announced this week.

After this week, the regular weekly boxing shows will be held every Friday night during the summer.

Mrs. W. F. Ziegler is entertaining the Ladies' Aid at her home today with a luncheon.

Helen Simonsen, followed by another orchestral performance.

From a "Thing of Beauty."

Juniors and seniors danced amid crystalline icicles, solid icebergs, eskimo huts, reindeer, polar bears, huskies and penguins, with a midnight sun and the colors of the aurora borealis lighting the northern scene, and the Seattle Nite Owls providing music at the prom Saturday night. A banquet for northern kings, was served before the prom. The juniors were greatly aided in their preparations for this event by their class advisors, Mrs. Ruby Richey, Miss Lillian Schroeder and Fred Hackett.

Toasts were given by Robert King, junior president; Oliver Hansen, senior president; Mrs. Gladys Davidson, senior advisor; Fred Hackett, John Brogan, and Miss Hedvig Rice. Music, appropriate to the occasion, was played between courses and after the toast by Mr. Correll of Kenosha, on his organ.

A NEW DAY IS DAWNING

The Waukegan Taxpayers Association, which is rapidly becoming a county wide organization, is doing much to hasten the day when election to public office will be regarded as an opportunity to render a service rather than a chance for the successful candidates to stick their noses into the public feed-bag for personal gain. The 3 year old organization already has saved thousands of dollars for taxpayers—it will save more.

SOMETHING FOR THE FARMER TO CONSIDER

It is estimated that at present there are some 30,000,000 pounds of quality dairy butter in storage. Prices are the lowest in twenty-five years. This may seem a tremendous surplus but, as the Dairymen's League Co-operative Association of New York points out, it could be entirely eliminated if each of the six million American farm families would use an extra pound of butter per week for a period of five weeks.

It is brought out, further, that the dairy farmer himself is not without blame. A survey of cross-roads and village grocery stores disclosed that a large part of butter substitutes sold in this country are purchased and consumed by farm families, in spite of the fact that these

substitutes are lacking in the protective vitamin found in genuine dairy products. It looks as if the solution to the dairy phase of the farm problem is largely a matter for the farmer himself to solve through his own dinner table.

WORDS OF WISDOM

The Saturday Evening Post, in a recent well-worded, calm and deliberate editorial, points out a real danger from communist activities in the United States today. It shows that there is no reason for hysteria, but that there is definite reason for curbing this menace within our own boundaries.

It believes in neither a fool's paradise type of indulgence on the one hand, nor violent suppression and reaction on the other.

In concluding its comment, it says: "It takes effort, even for a nation as great as this, to remain sound and whole."

ANTIOCH PREPARES FOR HOLIDAY

Antioch and the lake region, mecca for thousands of vacationists, are preparing for the first great influx of Chicagoans who on Friday and Saturday will trek in thousands to "the playground of Northern Illinois" to enjoy the season's first big holiday—Decoration Day. Paint, newly cleaned streets and highways, well kept lawns, are in evidence everywhere. Resort and hotel proprietors, as well as many owners of private houses, are preparing all available rooms to accommodate those who will seek lodging.

What effect the year's depression will have on the tourist trade over the holiday is problematical. One Antioch restaurateur declares he is feeding more people this year than ever before, but that his cash receipts are smaller. Business is a puzzle in a resort region.

burn attended the party. Miss Bauman will teach the Pomeroy school the coming year, also.

Mrs. D. B. Webb spent Tuesday with Mrs. James Darrow, in Waukegan.

Mr. and Mrs. George Beaumont, Floyd Beaumont, of Kansasville, Wis. Mr. and Mrs. Boyd Adams, of Racine, and Miss Evelyn Excell, of Chicago, were guests for dinner at the Robert Bonner home Sunday.

The Parent-Teacher Association will sponsor a mother and daughter banquet at the Masonic hall Tuesday evening, June 9.

The Christian Endeavor society held a social at the Masonic hall Friday evening.

Mr. and Mrs. E. A. Martin and Mrs. A. G. Torfin spent Wednesday in Chicago.

Mrs. John Clark has been ill the past week.

Mrs. D. B. Webb is spending several days with her daughter, Mrs. E. H. Edwards, of River Forest.

Mr. and Mrs. Charles Holdridge and daughters, of Waukegan, spent Sunday at Lewis Bauman's.

The Busy Eight 4-H club met at the home of Margaret Pierstorff Saturday afternoon. After the sewing, a social hour was spent playing ball.

Memorial Day services will be held at the Millburn cemetery Saturday, at 2 o'clock Standard Time. W. C. Petty, county superintendent of schools, will be the chief speaker.

TREVOR SCHOOL IS ROBBED OF VALUABLE BOOKS

Many Trevorites Attend the Funeral Services of Joseph Zmrzly

When the teachers, Miss Lulu Schmidt and Miss Lorraine Stollenwerk, arrived at the school house Friday morning, they found burglars had entered the school house by a front window and had taken a set of encyclopedias, an \$18 dictionary, both purchased this year, and other equipment. The entire loss is estimated at \$250.

Among those who attended the funeral services of Joseph Zmrzly in Chicago Wednesday were Mesdames John Geyer, Joseph Smith, Daniel Longman, Fred Forster, Charles Oetting, Louise Derler, Lewis Pepper, Mr. and Mrs. Frank Larwin, Mr. and Mrs. Joe Fannan, D. ANTIOCH GIRL IS WED IN CHICAGO

The marriage of Miss Elizabeth Gaston, known to her friends as "Betty," to George Malek, was solemnized in Chicago at 3 o'clock Monday, after the couple had quietly departed from their homes earlier in the day, telling none but their immediate relatives of their plans.

The bride is the only daughter of Mr. and Mrs. H. B. Gaston, of Antioch, and until her marriage Monday was a student at the high school. Mr. Malek is the only son of Mr. and Mrs. William Malek, who reside in Fox Lake's north side summer colony.

The couple were receiving congratulations of friends upon their return to Antioch Wednesday.

CHRISTIAN SCIENCE CHURCHES

"Soul and Body" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, May 24.

The Golden Text was, "If ye through the Spirit do mortify the deeds of the body, ye shall live" (Romans 8:13).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Stand fast therefore in the liberty wherewith Christ hath made us free, and be not entangled again with the yoke of bondage. If we live in the Spirit, let us also walk in the Spirit" (Galatians 5:1, 25).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Sooner or later we shall learn that the fetters of man's finite capacity are forced by the illusion that he lives in body instead of in Soul, in matter instead of in Spirit" (p. 223).

Swimmers, Be Careful, Census Bureau Warns

Approximately 3,500 deaths from accidental drowning may be expected during June, July and August in the United States, the census bureau warns. Vacationists, they suggest, should take care where they go in swimming. Well over half of all those drowned each year are youths under 24 years old, and during the past decade the largest single group was between 15 and 19 years old.

KONJOLA WENT TO THE SPOT

See How This Amazing Medicine of 29 Ingredients Triumphs Time and Time Again

Some idea of the power of Konjola can be had from the experience of Mr. Joseph M. Fisher, 433 Elm Street, Stamford, Conn. He says: "Stomach, bowel and kidney ailments troubled me for five years. Terrible headaches, sleeplessness and constipation kept me in misery. Six bottles of Konjola brought complete relief and I am feeling fine. Anyone doubting this can write me personally."

Here is the statement of Mrs. J. S. Murphy, 42 Pierre Street, Jamaica Beach, L.I.: "I will never cease praising Konjola. My husband was weak and constipated. He had no appetite and gas formed after meals. I finally gave him Konjola and one bottle helped him. Five bottles brought complete relief. He gained weight and energy and feels as he formerly did."

Konjola is sold here by the Reeves Drug Store.

Notice to gas users—

CHANGE in METHOD of BILLING GAS . . .

On March 31, 1931, the Public Service Company of Northern Illinois filed with the Illinois Commerce Commission, a revised schedule of rates for gas, to be effective on and after June 1, 1931, whereby:

CUSTOMERS using gas service furnished by the Public Service Company of Northern Illinois, will be billed on the basis of the heating value of the gas, instead of on the number of cubic feet used, beginning June 1.

The unit for this changed billing is the "therm." A "therm" is 100,000 B.t.u. (British thermal units). One B.t.u. is the amount of heat required to raise the temperature of one pound of water one degree Fahrenheit.

This change in billing will become effective as to meter readings taken on and after June 1. There will be no change in the heating value of the gas furnished, and the price per therm has been so established that the cost will be practically the same as it would have been under the old method for the same quantity of gas used. In no case will it be higher.

The therm method of billing has been used in other countries for many years, and found to be entirely satisfactory. It has also been adopted by the Peoples Gas Light and Coke Company of Chicago.

Gas is measured by the customer's meter in cubic feet as before. A detailed explanation of how the bill is computed on a therm basis will be enclosed with the first bill rendered after June 1.

A complete copy of the new schedules are on file in all offices of the Company

Strong Pitching Gives Antioch 12-7 Win

M. Bown buried the local nine to a victory Sunday at Millburn, by a score of 12-7, striking out twelve men. He gave only two hits in the first six innings, but couldn't hold the pace. However, the support of his teammates during the last three innings saved the team from a loss.

Antioch will play Fox Lake on the local diamond next Sunday. The game will be called at 2 o'clock Standard Time.

Original Exhibit Displays Prepared by Grade Pupils

An original display, beautiful and practical, was prepared by the students of every grade for the exhibit at the close of the school term, and was shown in addition to the maps, notebooks, writing certificates and drawings which are completed as every day assignments throughout the year.

The eighth grade featured a forest, with trees and stuffed birds, an airplane field, and a group of bird houses. A practical geographical display of the several stages of the various United States industries by the seventh grade was one of the most outstanding exhibits. A field of cotton, a cotton gin, and the weaving of cotton formed one part; oil wells, oil tanks, and a manufacturing plant, another; a forest, a lumber mill, and

finally the lumber products, another. The coal industry, iron industry, wheat industry, farming, dairying, truck farming, fishing, irrigation, fruit growing, and development of resorts were worked out in the same way, with careful attention to details.

Crayon colored pillows and hangings, made by the sixth grade students proved interesting. The colors were said to be stamped fast with heat. "Better Homes and Gardens" were also depicted.

A realistic contrast between irrigated land and that not irrigated was set up in the fifth grade room. Big alert notes drew attention to the music notebooks.

Lower Grade Exhibits Clever. A collection of wild flowers, some of them very rare, had been artistically arranged by the fourth grade. There was a clever puppet show depicting, first, the frost begging the tree for leaves, and the refusal; second, the wind beseeching for flowers, and being refused; and third, a girl gently requesting some berries, which are gladly given her.

A health exhibit, illustrated by cunning dolls bearing placards caught the eye of every one entering the third grade room.

A varied collection of brightly colored pictures, fantastic designs, booklets on health, birds, and vegetables, and the illustration of the letters of the alphabet were prepared by second grade pupils. A little Pilgrim display was interesting.

As one entered the first grade room a big barn, with animals roaming about, met the eye; not quite so conspicuous was a miniature circus; health posters and nature scenes decorated the walls.

Nearly every room had specimens of penmanship, most of which were above the average for students of the respective rooms. The many designs, drawings and notebooks revealed evidences of much interest in art work, and a development of originality in the students.

Charles Miller, Bernice Sherman and Florence Hackett, fifth grade students, received awards for receiving the highest grades in arithmetic for a month.

Oakland school students averaging 90 per cent or over in their examinations were Helen Herman, Margaret Hughes, Margaret Plerstorff, Jean Hughes, Homer White, Sidney Hughes, George Anderson, Alfred Anderson and James Waters. Harry Hallwas, Donald Minto and Warren Sheehan averaged between 85 and 90 per cent. Miss Madelyn Sheehan, the teacher, is holding a closing picnic for the pupils today.

The grade school honor roll for the last 6 weeks period of the school term included the following pupils:

Fifth grade—George Hawkins, 95; Florence Hackett, 93; Charles Miller, Bernice Sherman, Mary Lou Sibley, 91; Violeta Beathke, Charles Hawkins, 90; Gayle Pierce, 89.

Sixth grade—Harvey Miller, Mary Louise Snyder, 93; Ruth Alice Cannon, 92; Winnie King, Vallere Wilton, Jayne Allner, 90.

Seventh grade—Kenneth Mortensen, Cecil Andersen, 94; Paul Richey, 93; Richard Burnette, Francis Verkeet, 91; Florian Abele, Warren Miller, 90; Albert Vykruta, 89.

Eighth grade—Oliver Grutzmacher, Agnes Christensen, 93; Virginia Tidmarsh, Ray King, 92; Ruth Chinn, Stanley Lukas, 91; Kenneth Crowley, 90.

The last game of the season for the Antioch grade school baseball team was lost at Allendale, 18-13. Koukol, Merrill and Grove valiantly defended the plate, but could not prevent Allendale lads from scoring.

WILMOT PROPERTY DAMAGED IN WIND AND HAIL STORM

Former Union Free High School Classes to Meet at Alumni Banquet

A bad wind and hail storm passed over this region Sunday evening, doing much damage to gardens, trees and flowers. The wind was particularly violent in the locality of the Herman Seidschlag farm, a porch and the chimneys being blown from the house. A big tree was taken down there, too. The barn on the August Rasch farm was twisted on its foundations. Others reported broken windows, almost total destruction of early gardens and flowers. A big tree was blown down in the yard at the George Dean home.

The annual reunion of the Alumni association of the Wilmot Union Free high school is to be held at the Wilmot gymnasium Friday evening, beginning promptly at 7 o'clock, Central Standard Time. A full evening's entertainment has been planned. Following the banquet, there will be speakers from the classes of 1906, 1911, 1916, 1921, 1926 and 1931. Superintendent R. S. Ihrenfeldt has been secured as toastmaster, and there will be other representative speakers. In place of the regular dance after the dinner, a first class vaudeville show has been arranged.

Wilmot High School Class day exercises will be held

Tuesday night. This will be the last chance to see the seniors in a joyful and informal mood. A class history, class will, and many novel stunts will make up the program. The public is invited. No admission charge will be made.

Commencement exercises will be held next Thursday evening. A complete program will be published the first of the week. Prof. P. H. Kolb, head of the department of rural sociology of the University of Illinois, will be the speaker of the evening.

WILMOT PIRATES SHUT OUT SPRING GROVE TEAM, 11-0

The Wilmot Pirates defeated Spring Grove baseball club at Spring Grove Sunday, 11-0. Shubert Frank pitched superb ball in every inning, allowing Spring Grove only four scattered hits.

Shubert also furnished another feature of the game by stealing home with the second run of the game in the second inning. George Richter, with three smashing singles, and Fritz Oetting, with a double and a single, were the leading hitters of the day. A double by Aaron Smith and a triple by Shubert Frank were also timely blows.

The Wilmot players ran wild on the bases, annexing eleven stolen sacks. After an injury to Catcher Sweetie Frank in the seventh, Fritz Oetting donned the catcher's rig and made a very creditable showing, throwing out the only two runners trying his arm. The Pirates will meet Pikeville at Wilmot Decoration Day, and Jacobson's, of Racine, at Wilmot, next Sunday.

SUMMER SCHOOL

An 8-weeks summer school will be held at the high school, commencing June 9. Instruction will probably be arranged on the tutoring basis, unless enough persons enroll for the same subject at the same hour. Subjects taught will be mathematics, history, Latin, English, shop work, and mechanical drawing, and will be held in the mornings, under the instruction of Miss Alice Smith and Fred Hackett.

All students or others interested in taking courses will make their own arrangements with the instructors.

Mother to David: "I know you killed Goliath..."

I was there with a CROSLEY!"

WHEN David came home with an additional three inches chest expansion after the big bout his mother immediately took him down. "I know just how you did it, Davy darling," said mama. "A top-hold, an airplane stunt, and you had him—just like that. Remarkable son, but still more remarkable the radio account of the fight from that great distance."

The Crosley WIGIT

Now comes the sensational CROSLEY WIGIT—a small-sized, low-priced, super-performing radio receiver readily adaptable as a personal radio set for every member of the family and capable of bringing in distant stations in a sensational way. It incorporates THREE Screen Grid Tubes, Neutrodyne circuit, electro power speaker and Meridian condenser. The one-piece cabinet is of Crosley Repwood "B". COUNTY OF LAKE
STATE OF ILLINOIS

The following is a statement by W. A. Rosing, Treasurer of the Village of Antioch, in the County and State aforesaid, of the amount of public funds received and disbursed by him during the fiscal year ending on the 30th day of April A. D. 1931, showing the amount of public funds on hand at the commencement of said fiscal year; the amount of public funds received, and from what sources received; the amount of public funds expended, and for what purposes expended during said fiscal year ending as aforesaid.

The said W. A. Rosing, being duly sworn, doth depose and say that following statement by him subscribed is a correct statement of the amount of public funds on hand at the commencement of the fiscal year above stated, the amount expended, and purposes for which expended, as set forth in said statement.

W. A. ROSING.

Subscribed and sworn to before me this 5th day of May, A. D. 1931.

HILMA A. ROSING,

(SEAL)

Notary Public.

Perfumes and Toilet Water Not Luxuries But Necessities

By Doris Hale.

The art of using perfume is more fascinating than anything else in the eternal search for loveliness, and seems to mark the difference between the woman who really appreciates beauty and one who merely takes it for granted. Modern women know that the right perfume can give them a sense of satisfaction and well-being that nothing else can give. Fortunately, perfume no longer is the mystery used to be, and instead of being a luxury it is available to every woman who desires an exquisite last touch to her good grooming.

Experts say, "Always use perfume directly on your skin." This is excellent advice, for every fabric has a slight odor of its own, and if perfume is applied to your clothes instead of to your skin, the fragrance may be changed entirely. It really does not matter where you put a touch of perfume on your skin—at your wrist, on your neck, behind your ears, or at the hair line—the fragrance is there, and that is what you are striving for.

Many people dislike strong scents, and cannot bear any perfume that seems to dominate a room. Unfortunately, some women use too heavy a perfume, and just seem to pour it on. Most people dislike a perfume that "shrieks aloud"—nearly everyone prefers the "whispering" type. We want to be aware of a faint, pleasant fragrance surrounding a woman—but that is all.

When women ask my advice about what perfume to use, I very often suggest a delicate French bouquet that some how reminds me of little French gardens with high walls around them. There are familiar scents in this perfume—but all of them are so delicate there is only a mere suggestion of

rose, lilac, lily of the valley, and other garden flowers.

Toilet water also is an excellent beauty accessory. It is especially wonderful to have at hand in hot weather. Some day when you feel almost too warm to breathe, try spraying your face, neck and arms with toilet water from your atomizer. You will find this is very refreshing. Close your eyes when you do it, however, because, as you know, all toilet waters and perfumes have alcohol in them to hold their precious fragrance—and even a tiny bit of alcohol will sting your eyes.

Then, after your daily bath, I suggest bathing your hands, underarms and throat with toilet water; this will leave your skin refreshed and faintly fragrant.

A well known poet once said, "A woman's perfume is her spiritual presence, the woman herself as she would have us know her to be." Always keep that in mind when buying or using perfume or toilet water.

Take A Few Short Cuts To 3 Meals A Day

Plan Menus Ahead for Two or Three Days, Says Edwina Nolan

Three meals a day! A thousand meals a year! It's a never-ending problem for housewife and mother. But there are innumerable short cuts in solving the problem.

Every homemaker knows it is the actual cooking of meals which is most confining. She can double up on this time-consuming process by planning menus for two or three days ahead and cooking in quantities sufficient to form the foundation for two or more meals if she has proper facilities for keeping food. Here is how the plan works out:

(1) Enough potatoes are boiled to mash for dinner and to serve creamed or au gratin the next day.

(2) Enough spinach is cooked so that there can be a cream of spinach soup for another meal and spinach and egg au gratin for supper or luncheon.

(3) A whole ham is boiled, cooled and put in the electric refrigerator and at dinner time is given the final half-hour roasting and served hot; the remainder being made into ham and macaroni casserole for another luncheon.

(4) Twice as many apples as will be needed to serve with roast ham are baked. Thoroughly chilled baked apples with a custard sauce make a delicious dessert, or they may be reheated and served with cream.

(5) Soft custards are made in larger quantities because they have many uses and they keep well in tightly covered jars.

With such preparations made and the food tucked safely away in the electric refrigerator, assuring proper preservation, most of the work is done for the day. In as short a time as twenty or thirty minutes it is possible to have dinner on the table.

Consider Probable Future of Graduate In Selecting Gifts

Thoughtfulness in Choosing to Please Personal Taste Will Be Appreciated

Something to speed the graduate as he rounds another corner of his life is the problem of many a fond relative or friend this week. If you failed in discovering the right sug-

gestion from last week's list, try again today.

If one takes into consideration what the graduate is planning to do, ideas just come popping. A boy or girl expecting to enter college next fall will be thankful for money, clothing, gym shoes, toilet articles, gay blankets, dressing robes, crazy knickknacks for their rooms, your photograph, clock, picture, hand dictionary, clock, picture, initialed letter paper, ink set, manicure set, etc.

For the girl domestically inclined, who, perhaps, has begun her hope chest, outlined pillow slips, bed spreads, dresser scarves, or napkins, dish cloths, hot pads, table centerpieces, or dress goods, will please her vastly.

The latest nickel-plated ornamentation for a car might be greatly appreciated by some boys.

Then there are many articles that might be given by members of the immediate family or very close friends—such things as gloves, slippers, a bird's sweater, etc., which require knowledge of the exact size, and taste of the wearer.

And did we mention books, flowers and candy?

ANTIOCH SENIORS PREFER LIFE OF USEFUL SERVICE

(Continued from first page)
 fifteen boys and six girls; reading, by five boys, six girls; music by two boys, seven girls; movies, by three boys, three girls; dancing, by two boys, six girls; one boy wrote in swimming.

Seniors Enjoy Last Year.
 The senior year held the most enjoyment for the majority of the class, for eleven boys and eleven girls. Various reasons were given for this fact, among them: Greater appreciation of school and studies; more interesting subjects; more social functions; greater opportunities for participating in athletics or other activities; more fun; wider circle of friends; greater freedom; a sense of independence, and knowledge.

Other years were preferred by some, because of easy or interesting subjects, more fun, friendships, more practical subjects, more social activities. Five boys and four girls held that their junior year was most enjoyable, one boy and six girls enjoyed their sophomore year most, while three boys and one girl checked in favor of the first year.

Marriage for love, somewhere in the early twenties, is endorsed by the class of '31. All of the girls say that they intend to marry for love rather than for money or social advancement, and all but two of the boys, who evidently felt that money was of more importance in selecting a mate. However, one of these boys stipulated a "right now," when he is evidently hard pressed, "he may change his mind when financial difficulties are untangled."

"Marry Young," Say Boys.
 When to marry? Answers ranged from 16 to 27 years for girls, and from 18 to 35 for men, with an average of slightly over 21 years for girls and

24 1/2 for boys. The boys would have the class married off before the girls had much more than begun to think about it. According to the boys, whose answers included every age from 16 to 25 as a proper age for a girl to relinquish her independence, after 25 a member of the fair sex would be out of luck, and after 30 a man would be doomed to eternal bachelorhood. The girls were rather more circumspect. No girl believed the proper age to marry should be under 18, while some favored about 27. Men, they thought, should marry some time after 21 or before 35.

Asked whether they thought that the modern generation was worse than that of thirty years ago, with the exception of a single cheerful "Yep," the class wholeheartedly voted "No," or a more emphatic "Most assuredly not."

Future plans of the individual members of the class of '31 as revealed in the questionnaire, will be published in the next issue of the News.

TWO DIE FROM GAS FUMES IN BUENA PARK HOME

Charles Ellison, 65, "The Blonde Plunger," who has made millions at the horse races, succumbed this morning to the gas fumes, which proved fatal to his mother-in-law, Mrs. Anna Larsen, 80, Monday evening, at their home in Buena Park, Lake Villa.

Death in both cases was declared by the coroner's jury to be due to accidental gas asphyxiation, at the request of the Strang undertaking rooms this morning.

Mrs. Larsen was found dead and her son-in-law, Ellison, unconscious Tuesday evening when Mrs. Grace Ellison, returning from a visit in Chicago and finding the house locked, forced her way into the building, shut off the flow of gas from a newly installed range and began an investigation.

Every effort was made to save the life of Ellison, and through the application of artificial respiration by the Ingleside fire department he resumed breathing, but never regained consciousness. The gas jet had been left

open, after the fire had been extinguished when a coffee pot boiled over. The bodies were removed to Chicago today, where funeral services will be held tomorrow afternoon.

Miss Mildred Byrnes spent the week-end in Racine with her friend, Mrs. Fred Jensen, and on Saturday evening attended a sorority dinner dance at the Hotel Pfister.

A. E. Warden has been confined to his bed since last Wednesday with severe attack of rheumatism. Though somewhat improved this morning, he is still confined to his bed.

Frank McCarthy is said to be in quite a serious condition in the hospital in Waukegan today, as a result of injuries received recently while working in a Wilmette gravel pit.

Chapter IV

LOWERING THE COST

SO FAR, these stories about the Public Service Company of Northern Illinois have been largely historical. They have described the Company's birth, its growing pains, its coming of age. . . . Now we turn to a consideration of what its progress has meant to the thousands of people who have made their homes in northern Illinois beyond the limits of the City of Chicago.

The World War is a convenient milestone for our generation—a logical starting-place from which to reckon changes in living conditions. Remember how full of drudgery the average home was before the War? How many families denied themselves certain conveniences because they were thought expensive? Strange as it seems today, electricity was often classed as a luxury twenty years ago.

From the beginning, it became the aim of the Public Service Company to make electricity available to all of northern Illinois—and to reduce rates whenever it could be done without jeopardizing the quality of service. In 1914, three years after the Company was founded, customers benefited by two rate reductions. In the following year came another reduction. In 1916, two more.

And this was during the World War crisis. Prices on all commodities were soaring. The "high cost of living" was discussed wherever people gathered. There were coal-less Mondays. Gasoline-less Sundays. Sugar was strictly

rationed. Through these trying years, in spite of the increased cost of raw materials and labor, rates for electric service in northern Illinois were not raised.

During the post-war period a slight increase in rates did become necessary, but this was temporary. In 1923 began a series of four substantial reductions. And today, in many northern Illinois homes electricity costs about half as much as it did in 1911. It is the only important item on the family budget which is substantially lower in price now than it was before the War!

Remarkable as this achievement is, it is not the complete story. You remember what "electric service" used to consist of in those early days. It meant electric lights—usually a drop cord suspended from the ceiling of each room. Electric washing machines and vacuum cleaners were too experimental, too costly, to be extensively used. Toast and coffee still had to be made in the kitchen. Electric refrigerators and radios were unknown.

Today electric time- and labor-savers are taken for granted. They have revolutionized living conditions in the home—working conditions in the factory, the office and on the farm. This vast new field in which the gas and electricity produced by the Public Service Company is being put to work makes an interesting companion-story to that of the greatly reduced rates at which these services are now available. It will be told next week.

Governor Signs Validating Act

Morse Doubts Legality of Turning Over Tax Funds to Aldermen

The validating act, legalizing the Waukegan recall election, was signed yesterday by Governor Louis L. Emerson. The election, recalling the commission form of government for the city of Waukegan in favor of the aldermanic form, had been held illegal because notice of the election had been posted thirty-two days previous, instead of forty as is required by law. In spite of the validating law, doubt still lingers in the mind of County Treasurer Jay B. Morse as to whether he can legally turn over to the present city government the 1930 city tax money.

Mr. and Mrs. John Bowles and Miss Dolores Bowles, of Chicago, spent Monday visiting Antioch friends. Mr. and Mrs. Herbert P. Carey, from Dallas, Texas, arrived Tuesday evening to visit Mrs. Carey's parents, Mr. and Mrs. Herman Radtke.

CHICAGO
COKE**

Don't be bullied around another winter by harboring these parasites in your basement. Smoky Jim gets into everything, and Joe Heavyash is always underfoot like a ball and chain. Pa Bentback loves to park on loaded shovels, while Sambo Soot scurries around musing up the whole house. And if you don't keep scratching Old Man Clinker's back with the poker, he'll try to break every grate in your furnace. Get rid of them all by ordering Koppers Coke. It's lighter on the shovel, smokeless and sootless, and leaves no ash worth sifting.

WHO THREW THAT?
- ONE REEL BY BERT LINDS

OH, WILLIAM! THE BACK OF YOUR COAT.

WHAT'S WRONG WITH IT?

A BIG WHITE SPOT.

ON MY NICE NEW SUIT -

GOSH HANG IT! THAT MAKES ME SORE! DOES IT SHOW?

SURE! A BIG WHITE SPOT. YOU CAN'T SEE IT, CAN YOU?

NO! OF COURSE NOT.

WELL, THEN, WHY SHOULD YOU WORRY.

DAVE JONES' LOCKER

In my last yarn I told you about my adventure with a swordfish while we were searchin' for pearls in th' lagoon of a lonely island in th' South Pacific.

Next day, after my scrimmage with th' swordfish, I got into my divin'-suit, and after Spike had lowered me to th' bottom of th' lagoon, I started lookin' for th' big pearl I had seen th' day before. A sassy old shark slid along side o' me, and I had to kick him in th' nose to get rid of him.

I was walkin' along on th' white sand, when in front of a dark cave in th' coral and rocks I saw three beautiful pearls in a half-opened pearl-oyster. I was stoopin' to get 'em when zang! somethin' zipped into me and sent me scooting through th' water toward th' openin' of th' dark cave. I saw a big

sawfish makin' off! and I knew he was th' one that had played th' joke on me.

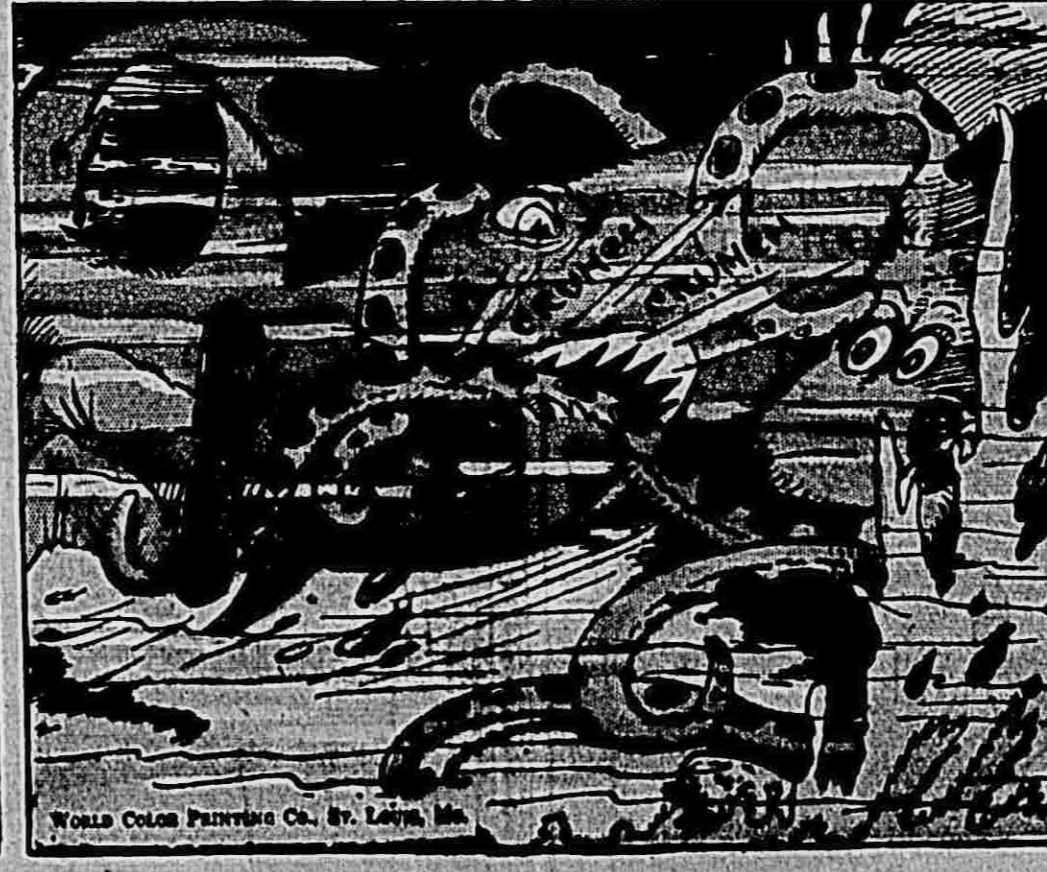

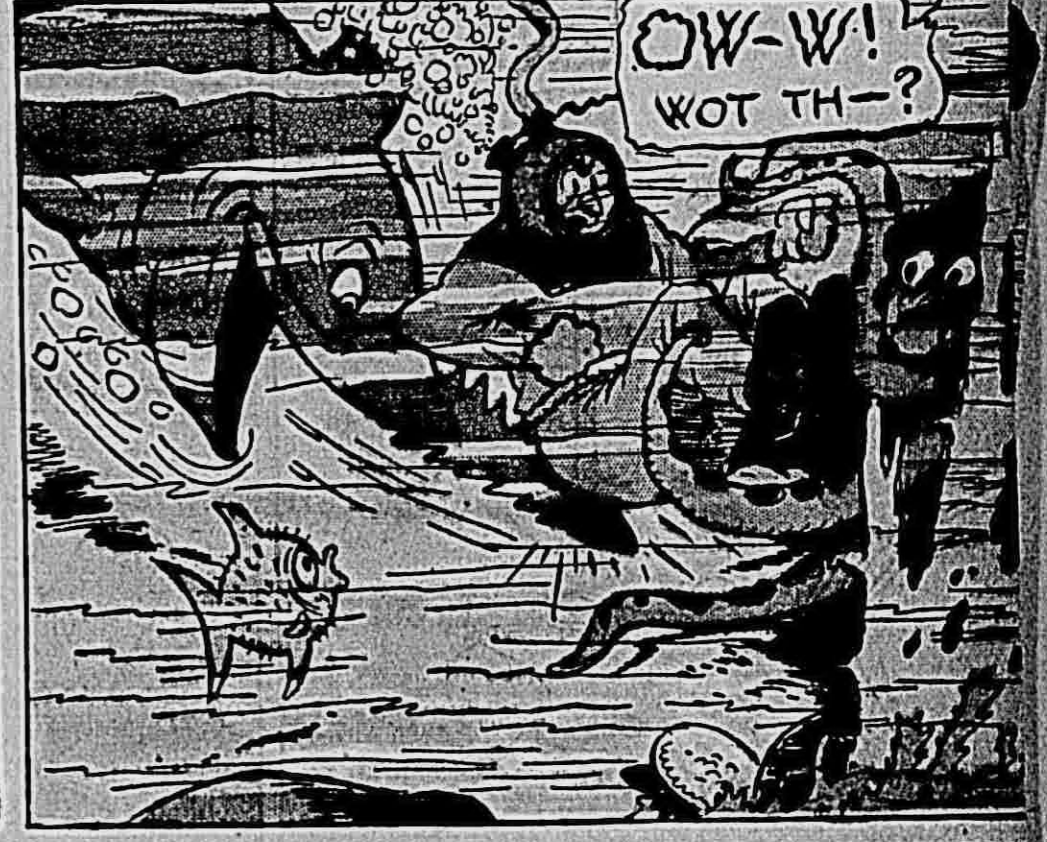

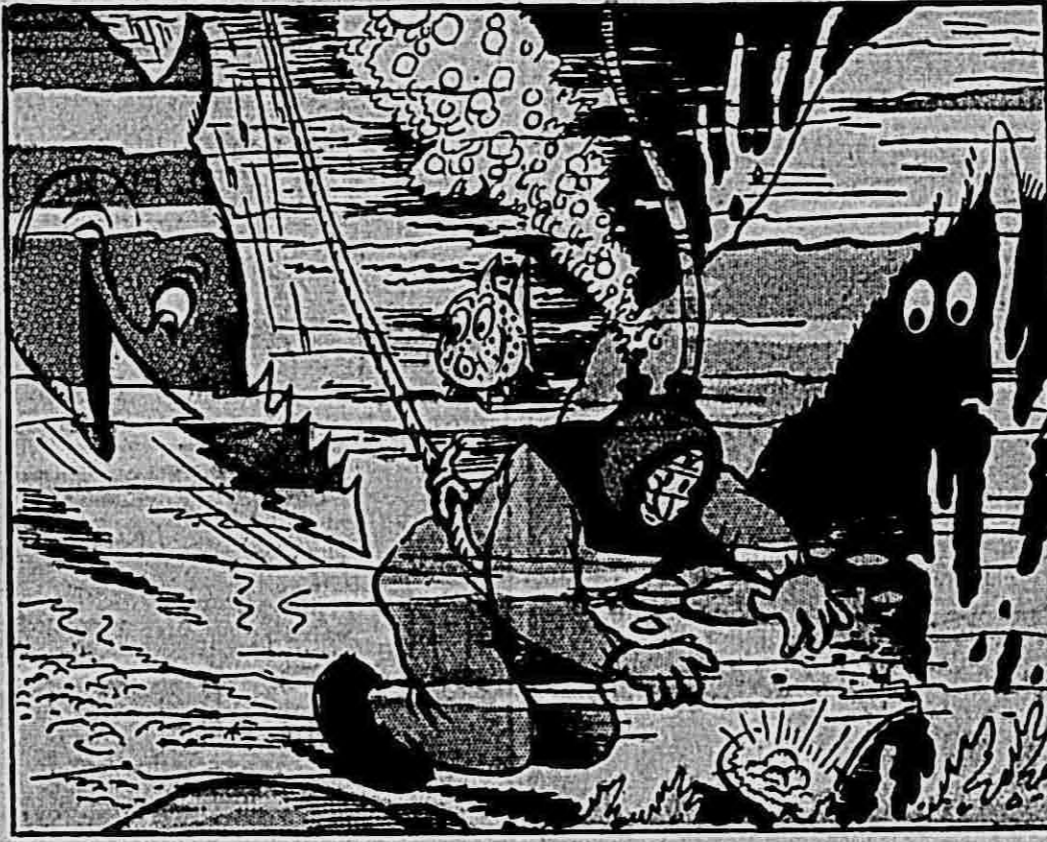

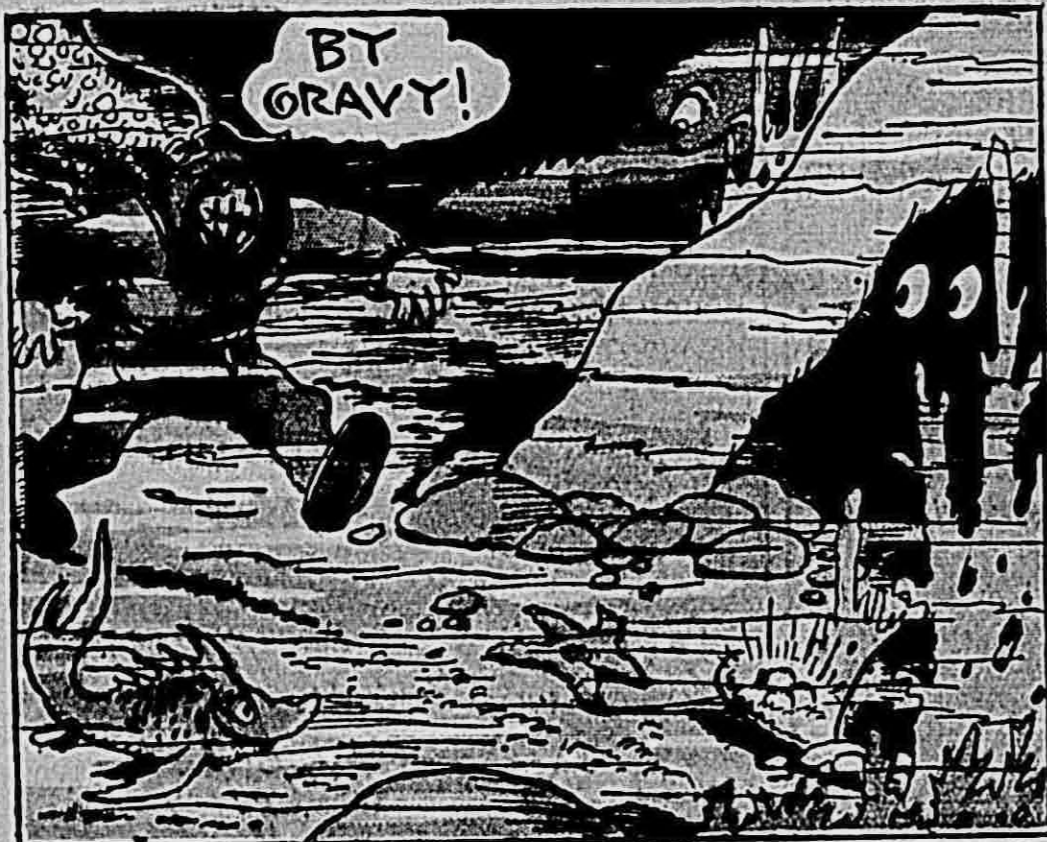

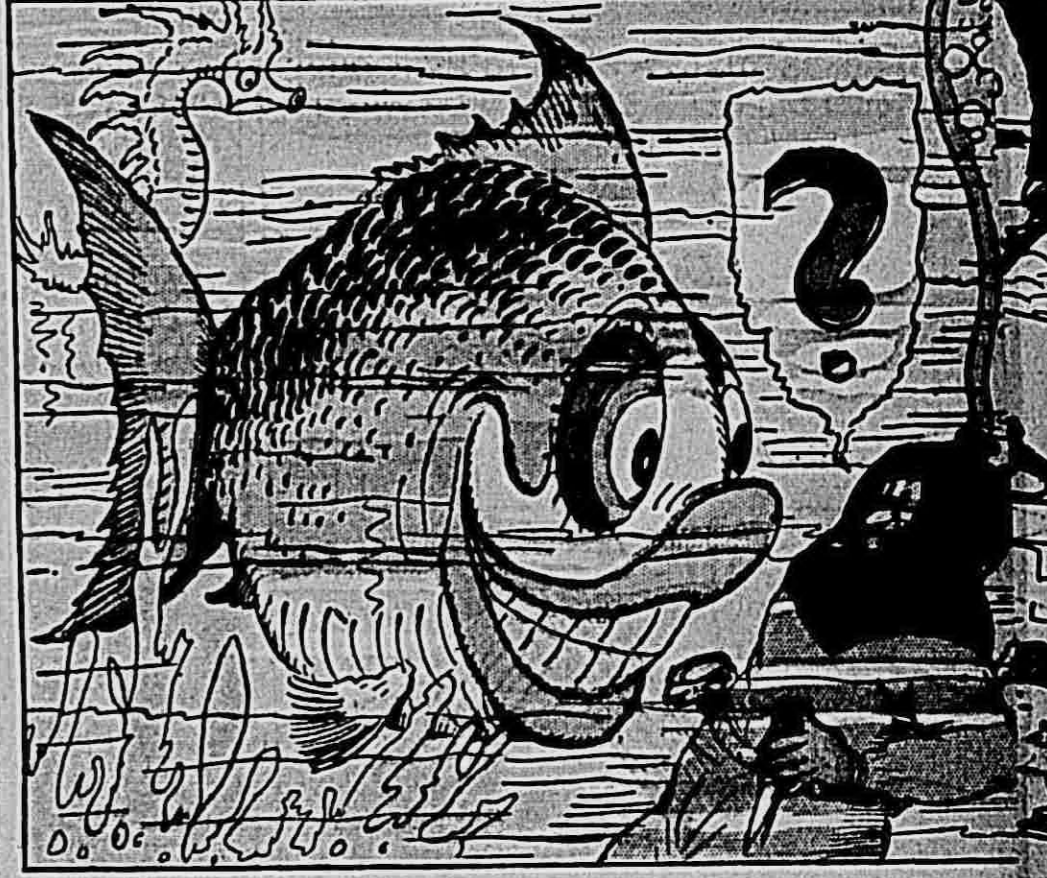

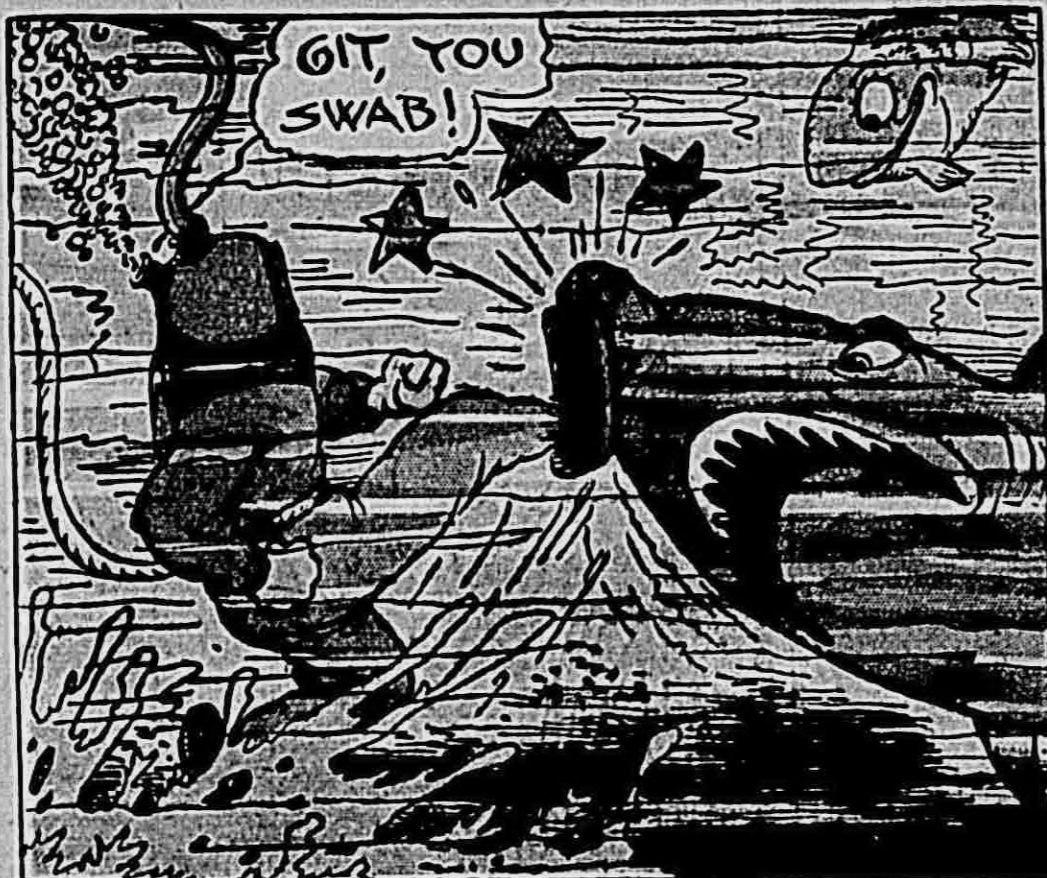

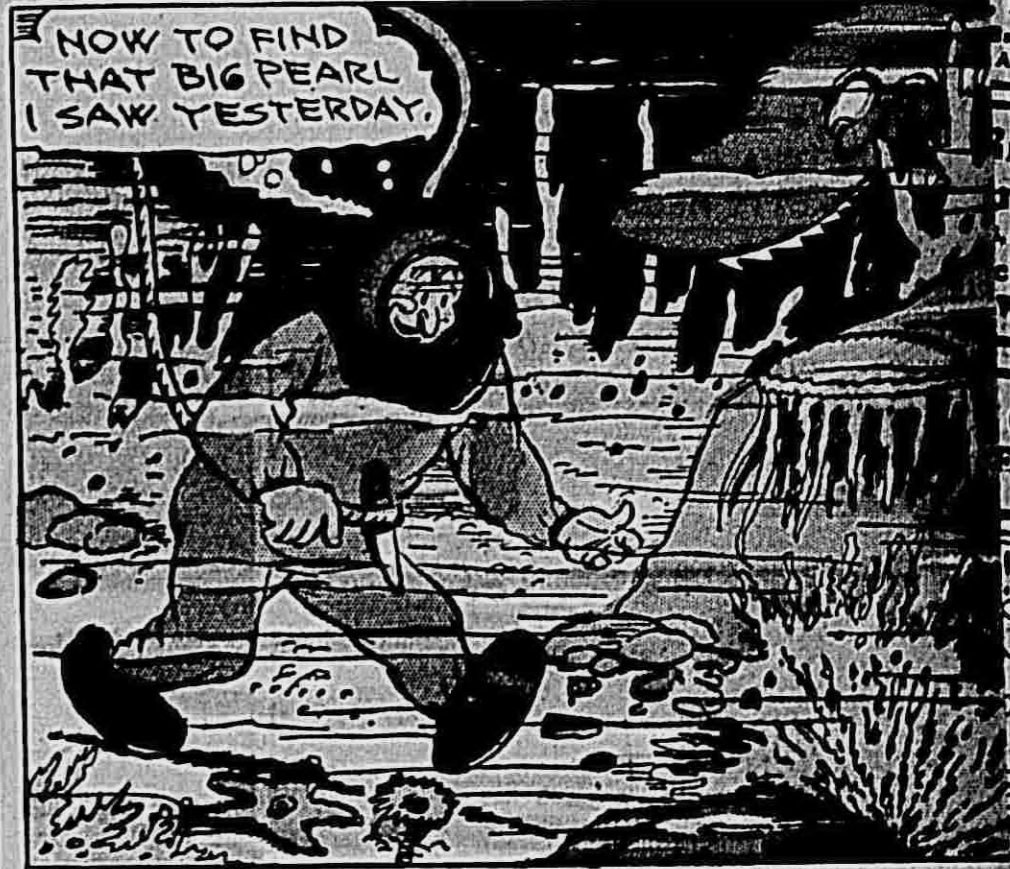

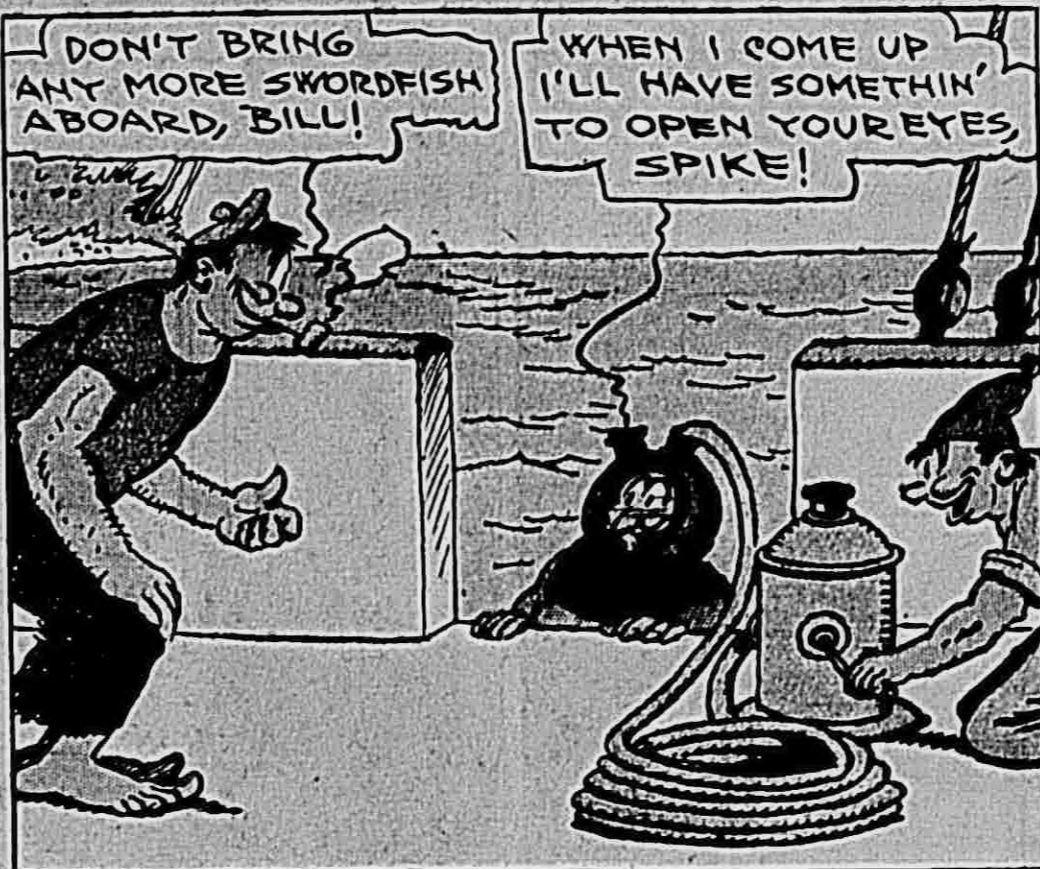

Th' next minute a long arm reached out of th' cave, curled around my leg and jerked me off my feet. As I grabbed my knife from my belt I saw two glarin' eyes watchin' me from th' darkness of th' cave. Other long, snaky arms were collin' about me. I was slashin' them with my knife, tryin' to free myself, when a big shark tore in alongside o' me and with one crunch of his sharp teeth cut off th' gristly arms of that octopus. To this day I believe th' shark that saved me was th' one that I had kicked in th' nose a few minutes before. That shows what a decent old feller he was, not to hold a grudge against me.

Don't miss my next yarn. It'll make your hair stand on end!
